For Railroad and Warehouse Commiss Long Term, W. S. ORANE. t Term, BARNEY FRAUENTHAL.

County Ticket. For Representative—R M TUNNELL. For Treasurer—J B **LEMING. For Probate Judge—T M BRINKLEY. For County Clerk-C R SPURGEON. For Circuit Clerk-JOHN W CRAIG. For Prosecuting Attorney—W B CLARK. For Recorder—JOHN S REGER. For Sheriff-ED, STAUBER. For Presiding Judge—J O VANOSDAL. For Judge Eastern District—Wm. BRUNER. For Judge Western District—A BRINKLEY For Curoner-Dr. J W MASON.

Vote for Judge Tunnell and thereby vote against the misappropriation of the school fund.

A VOTE for the republican ticket is a vote for free text books for the school children of Missouri.

A VOTE for Judge Tunnell is vote against the corporation and trust lobbyist for United States senator.

THE county needs an able, fearless and honest prosecuting attorney. W. B. Clark fills the bill. See that he is on your ticket.

LINN county never had a better official than John S. Reger. His majority next Tuesday should not be less than one hundred.

It is the duty of every republican voter in Linn county to come out to the polls and vote next Tuesday. There should not be a single stay-athome this year.

THE Brinkleys are always all right. T. M. as probate judge and Alex. as judge of the Western district will be honors worthily bestowed. See that their names are on your tickets.

CHARLES R. SPURGEON is well qualified to discharge the duties of county clerk, and in that office will be an honor and a credit to the whole county. Jefferson township should not and will not go back on Charles Spurgeon.

THE Bulletin makes a serious and slanderous charge against the and voted for the republican candidate for the legislature with money furnished by Mr. Kerens

IT is stated on good authority that Bill Stone has dumped \$1500 of St. Louis slush money into Linn county in an effort to elect the democratic candidate to the legislature, but his efforts are going to fail. The voters of Linn county are not for sale.

DURING the campaign just coming t.) a close the democrats have not advanced a single reason why their candidate for the legislature should be elected except to vote for Bill Stone, the lobbyist and baking powder trust candidate for United States senator. On all important questions he has been as dumb as a clam.

THE public schools should be taken from the domination of "machine politicians" and the average daily attendance therein should be largely increased. One of these betterments can be accomplished by electing Prof. J. U. White state superintendent of public schools and the other by providing free text books for all children would prove seriously injurious to the who attend our public schools.

WASHINGTON LETTER.

State and government affairs Washington have given place this week to interest in the state campaigns, and every scrap of gossip reaching the national capital is eagerly seized and construed according to the political affiliations of the construer. No serious anxiety as to the complexion of the next house is felt, although it is admitted that there is danger that in some states the democrats will cut down majorities unless the republicans "wake up" and come dissatisfaction with the administration but so general is the prosperity that it has been impossible to scare up any enthusiasm and the only real danger to republican prospects lies in vote the republican ticket.

Chairman Babcock has so far rerained from making estimates on New York state, but a gentleman attached to republican headquarters is authority for the statement that, conceding the democrats all doubtful districts, the state will send to Washresentatives, while if repulican hopes fructify, the majority will be about thirty. Ohio, which is regarded as the next most important state, will show no republican losses, say the forecasters, and it is hoped to gain two democratic districts. Tom Johnson is said to be making much noise but few votes and his attacks upon some of the leaders of his own party thing will grow here that will grow professing allegience to Mr. Bryan, an immense growth at present. he has practically repudiated him now and many democrats, it is claimed, will punish him for his treachery by staying away from the polls.

Indiana is claimed by the republicans to be absolutely out of danger The ovations which have been accorded Senator Hanna have been almost ming is done in a complete and artisunprecedented and there is every in- tic manner. dication of republican success. From the state of Washington comes the ton are elected "at large", as the state has never been districted, and all of them will be republicans. The chief interest in Washington, however, is in democratic voters of Linn county this Wilson and ex-Governor McGraw are H. Brown, druggist.

Representative F. H. Gillett of Massachusetts came to Washington one day last week to see the president and talked interestingly of the situation in his state. He said that the victory of Mr. Foss, in securing the nomination in the tenth district on a tariff reform platform, was of little significance and that there was little tariff revision sentiment in the state. Contrary to expectations, there was little heard of imperialism outside of a few districts and even in those it failed to touch any responsive chord among the voters. He said that the republicans now had eleven out of the thirteen districts in the state and they had great hopes of carrying one more. Up to a short time ago they believed they would be able to carry both the nation. The rate is one-half of one democratic districts but the situation had undergone some change and the ninth district was now conceded to the democrats. He said the French Mo. reciprocity treaty was opposed by the people of his state and that the representative of Massachusetts in congress would feel compelled to work against its ratification because its provisions

Secretary Wilson left Washington recently on THE republicans of Linn county the invitation of Mr. Mercer and it is they nominated J. O. Vanosdol for points with good effect.
